

Technology Loan Program

eQUIP’s Technology Loan program enables your district to provide laptops and printers to students attending your eLearning Academy. This ensures you remain focused on assisting the students with learning rather than you or district technology staff supporting computer related issues, managing inventory or processing warranty claims and repairs. We prepare, deliver, support and manage equipment year-round to serve your school year and summer program needs. When students need equipment related support, they call our toll free number, Monday through Friday, 8am-8pm.

Technology Loan Support Line: 877.205.3110 M-F 8am-8pm

Requesting Laptops and Printers: School Points of Contacts (PoCs) enter request into the GENIUS Student Information System. Requests entered by Wednesday of each week will be targeted for delivery on the following Monday and Tuesday. Requests entered on Thursday and Friday of each week will be targeted for delivery by the second following Monday and Tuesday.

Costs: Technology Loan Fees are assessed on a quarterly basis. Quarter 1 and Quarter 4 fees are reduced to accommodate the beginning and end of the academic year. A grace period between each quarter allows for request, delivery and return time. The chart below represents the quarters, the associated fees and the grace periods.

Warranty, Repair and Abuse: Additional fees to repair or replace equipment damaged by abuse will be billed to the school or district. Determination of misuse will be coordinated with the PoC. Fees are outlined on the Loan Agreement Form. Schools and districts are encouraged to cover loaned equipment within their Acceptable Use Policy.

Grace Period Checked Out After	Start and End Dates	Quarterly Fees	Grace Period Checked In Before
NA	8/20 *	Q1 = \$210.00	10/31
10/15	11/1	Q2 = \$315.00	1/31
1/15	2/1	Q3 = \$315.00	4/30
4/15	5/1	Q4 = \$210.00	* 6/30
Summer ONLY			
NA	6/1	SUMMER = \$315.00	8/31

Note: Unless extenuating circumstances exist, quarterly fees are charged for any amount of days technology is used during a specific quarter.

* If equipment is needed prior to 8/20, Q1 = \$315. If equipment is needed after 6/30, Q4 = \$315
